Notice on commercial policy measures concerning imported products originating in the USA.

Following the adjudications in the WTO dispute DS353 United States – Measures Affecting Trade in Large Civil Aircraft and following the authorisation of the WTO Dispute Settlement Body, the Commission has applied additional customs duties @ 15% and 25% on imports into the Union of certain products, originating in the United States of America, by Implementing Regulation (EU) no. [2020/1646](#), Official Journal ref. L373:

This regulation took effect on 10.11.2020

Products within CN codes 0406 10 50, 0406 90 21, 0406 90 86, which have an import licence that exempts or reduces duty, that has been issued prior to 10.11.2020, will not be subject to the additional duty – document code L001 should be declared in the additional information box of the SAD. The duty override may be used to exempt the duty (tax type A20 box 47), should these circumstances apply.

Products listed in Annexes I & II, which the importers can prove (e.g. by a Bill of Lading or other appropriate document) have been exported from the United States to the EU prior to 10.11.2020, will not be subject to the additional duty – document code Y988 should be declared in the additional information box of the SAD. The duty override may be used to exempt the duty (tax type A20 box 47), should these circumstances apply.

Information is available in large print, audio tape and Braille formats.
